AN OUTBREAK EXPECTED SOON

St. Petersburg, Oct. 25.—Gen. Kuropat-kin reports that yesterday passed quietly at the Shkake.

HAVE SEALED ORDERS.
Cherbourg, Oct. 25.—Russian warships in the offing here, received sealed orders to be opened when three miles at sea. The orders contain instructions as to the course they shall follow.

JAPANESE AND CHINESE AT OOTS.
Cherbourg, Oct. 25.—It is reported that friction is manifest between the Chinese and Japanese at New Chung. This estrangement is chiefly due to the acceptance of promissory notes by Japanese, and twelve leading Chinese have been put in jail. It is reported the Chinese coming from the north to New Chung and who have Russian money, will at once be arrested.

RUSSIAN PROVISION SHIP SUNK.
London, Oct. 25.—The steamship Esperanza, which is due to sail from Barry, with provisions for the Russian Baltic fleet, was found to be in a sinking condition, her hull having been pierced below the water line. The injury is not stated, but it must have been done to day, and it is suggested locally that it is the work of some man employed about the ship in resentment of the North Sea incident.

PREPARING FOR FIGHT.
Mukden, Oct. 25.—The Russian forces on the left again crossed the Shkake river on Oct. 24, and are now pushing forward towards the Japanese positions entrenching as they advance. At the same time Russian batteries are continually bombarding the Japanese, who can be plainly seen busily engaged in the making of trenches. This plan of the Russians to entrench as they advance was adopted because it was found in the recent big battle that it was impossible to advance without some protection in the face of the Japanese shrapnel fire.

The Russian batteries are now better screened than they were in former engagements, but the troops on both sides apparently make no great efforts to conceal themselves. The Russian and Japanese armies are now separated by less than four miles, and the whole field of operations of both armies can be plainly seen.

THE JAPANESE LOSS.
Washington, Oct. 25.—According to a dispatch received by the Japanese legation from Tokyo, the total casualties suffered around Shkake up to today amount to fifteen thousand, eight hundred and fifty-nine.

GOES TO ST. LOUIS.
As a result of the meeting last night of the Carnival association, Mr. H. C. Davis, the association secretary, leaves this evening for St. Louis to see the Parker Carnival company, whose headquarters are at Atlanta, Kan., and to which place Mr. Davis may also go to look over the company's outfit. The association here has its eye on this company for next spring.

TRouble AMONG HUNGRY DEALERS.
Cincinnati, O., Oct. 25.—The state vehicle dealers association, composed of dealers in Ohio, Kentucky and Indiana decided today to withdraw from the national federation of vehicle and implement dealers because they refuse to take action against the Harvester Trust.

If Gideon had stopped to paint his stethers the Lord would have been looking for another general.

RUSSIA REALIZES THE BIG BLUNDER

Is Ready to Apologize to Eng-
land.

The Only Menace Now Is In Not
Making Allowance For British
Hot Blood.

"OUR OWN FAULT," SAYS PAPER

RUSSIA REALIZES.
ST. PETERSBURG, OCT. 25.—THE CZAR TODAY TELEGRAPHICALLY DEEP REGRET AT WHAT OCCURRED, AND EXTENDING HIS SYMPATHY TO THE FAMILIES OF THE KILLED AND WOUNDED.

ENGLAND'S DEMANDS.
London, Oct. 25.—It is understood that England's note to Russia relative to the sinking on British fishing vessels contained these demands, namely:—
First. An apology by the Russian government.
Second. Adequate compensation for the damages inflicted.
Third. Immediate inquiry by St. Petersburg authorities to ascertain who the guilty officers are and to impose punishment upon them.

INDIFFERENT AT TOKIO.
Tokio, Oct. 25.—Little stir was caused here by the Russian attack on the British fishing fleet, as information concerning the affair is meager.

TORPEDO BOATS PASS.
Brest, Oct. 25.—Three torpedo boat destroyers and a transport passed Ustka, off the coast of Brittany, today steering west.

London, Oct. 25.—It is stated this morning that the situation growing out of the shelling of British fishing vessels in the North Sea, by the Russian Baltic fleet, has already been adjusted in principle. Russia agrees to make every amicable within reason. She desires, however, to hear fully the report of the commander of the vessels. The main danger now lies in the possibility of the St. Petersburg authorities failing to fully realize the red heat of English opinion and as a result resorting to dilatory, evasive tactics in adjusting the details.

RUSSIA TO APOLOGIZE.
St. Petersburg, Oct. 25.—The Russian official coterie is so far chagrined over the North Sea affair, and are especially incensed by the biting sarcasm of the German comments on the incident. It is understood the matter has been placed entirely in the hands of the czar, and his majesty has already made a decision for full apologies and indemnity.

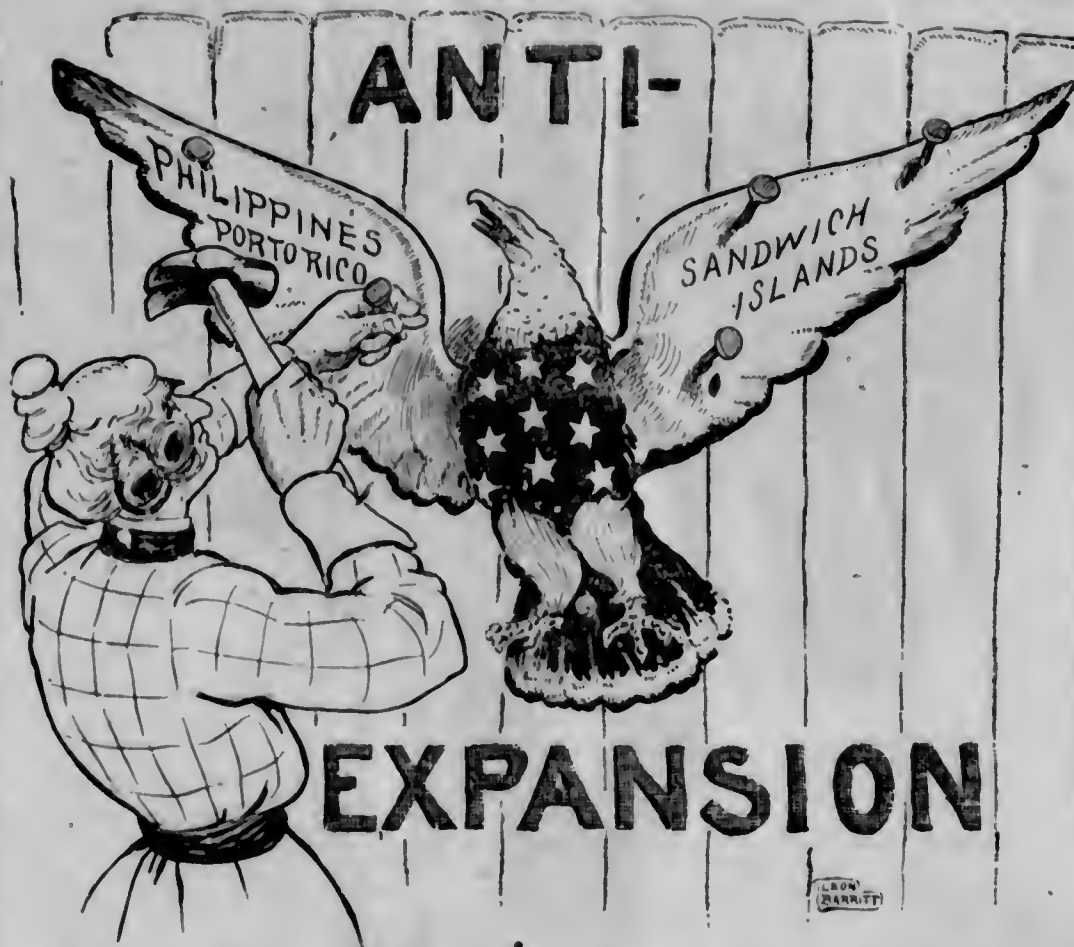

"OUR OWN FAULT."
St. Petersburg, Oct. 25.—The newspapers today make bare mention of the North Sea affair. The Nova Vremya is the most frank, and says: "It was our own fault, and every means should be taken to repair the injury."

BENEFIT CONCERT.
On next Thursday evening in the lecture room of the First Christian a concert will be given for the benefit of Mrs. McLean. A splendid program has been arranged and it is hoped that a liberal patronage will be given. Mrs. McLean is most deserving, and is at present in great trouble, and the charitable people of the city can do much good helping her. She was a member of the W. C. T. U. here and has helped in all good work when able.

NO ONE INJURED.
Florida, Oct. 25.—A R. & O. passenger train, while mulling up in the yards this morning, was run into by a freight, but no one was injured beyond slight scratches.

MARRIAGE LICENSE.
The following marriage licenses have been issued since yesterday afternoon.

Michael O. Weiszajfel, of Mount Vernon, Ind., age 24, to Montana M. Roof, of the county, age 22. It will make the first marriage of both.
Charles Adams, colored, age 25, of the city, to Carrie Tandy, of the city, age 21. First marriage of both.

Democracy: "These flights must be curbed if I have to nail this bird fast."

A MOB ATTACKED RUSSIAN AMBASSADOR

London, Oct. 25.—Count Benckendorff, the Russian ambassador, returned to London last night from celebrating his silver wedding with his wife's relatives in Silesia, and barely escaped assault from a crowd at the Victoria Station, which followed him almost into the embassy.

Fortunately for the issue of peace or war, nothing resulted, yet throughout the night a special force of police was compelled to guard the Russian embassy. Count Benckendorff has been always regarded in official circles here as a friend of peace, and he was as much opposed as was Count Lamsdoff to the Russo-Japanese war. Indeed he is almost an Anglophile in sentiment.

There is no doubt that Count Benckendorff's feelings were deeply wounded by tonight's demonstration. After escaping from the hostile crowd that met him at the station to drive at a gallop to the embassy. Half a dozen rowdies followed, but the ambassador arrived unharmed.

GUARDED BY POLICE.
His noisy pursuers encountered a cordon of police that had been hurriedly dispatched to guard the embassy. After singing "Die, Britannia," the disturbers dispersed, no arrests being made; but the police continued to guard the embassy as if it were a British fortress.

With such vigilance they carry out their task that when Prince Sviatopolski-Mirsky, a cousin of the new Russian

minister of the interior and second secretary of the embassy, arrived, he had hard work getting in.
Count Benckendorff had telephoned him to come to the embassy to write a long cipher message to St. Petersburg describing tonight's hostile demonstration.
In reply to a request for some statement to the Associated Press the ambassador sent word that he could say nothing, but it was gathered that he had sent a dispatch to St. Petersburg, which may add to the existing delicacy of the situation.

Prime Sviatopolski-Mirsky said: "The attack on the travelers was obviously either an act of war or a great mistake. No sensible man can now think it was an act of war, and therefore it was a mistake; and when you have made a mistake, all you can do is to apologize and pay for it. Neither country concerned wants to go to war with the other. It is annoying to our diplomatic relations with Great Britain, but it is quite different from the sinking of the Maine."

"Incidental mistakes, however much they may be deplored, do not create war between great powers unless those powers have some interior reasons for going to war. Neither the traveler nor tonight's affair is likely to produce a clash between two powers who have every reason, from a selfish point of view, to preserve peace between themselves."

BURIED HERE

VENERABLE CITIZEN, MR. SAM EV-
ITTS, LAIN TO REST AT
OAK GROVE.

Captain Samuel Evitts, one of the oldest residents of the city, died yesterday morning at the home of his daughter, Mrs. Maggie Reesor, at Bandana after a lingering illness of many weeks.
The deceased was 78 years of age and spent the greater part of his life in Paducah. In his early life he worked at steamboating and of late years was employed as watchman on the Fowler wharfbottoms. During the past several years general debility broke him down and death came as a relief to his sufferings.

He leaves two sons, Messrs. Tom Evitts, city jailer, and Mr. Sam Evitts Jr., a druggist at Central Station, No. 1, and two daughters, Mrs. Reesor, of Bandana, and Mrs. Bettie Taylor, of Brookport, Ill.
The remains were taken from the residence of City Jailor Evitts this morning at 10:30 o'clock to the First Christian church where the funeral services were conducted by Rev. W. H. Pinkerton. The interment was at Oak Grove.

GYPSIES KILLED

RAN INTO A MAN'S WAGON AND
THEN CURSED HIM.

John Willoughby and Harry McDonald, gypsies who travel about in several gaudily painted wagons, ran into the wagon of G. M. Spitzer this afternoon, and when Spitzer complained, gave him a good cursing, it is alleged.
The entire band of gypsies were arrested by Constables Sears and Shelton and brought before Justice Young, where they will be tried this afternoon for a breach of the peace.

SITUATION UNCHANGED.

St. Petersburg, Oct. 25.—There was no fresh news from the front today. General Sakharoff, telegraphing at 2:45 this morning, reported that there was no change in the situation. The war office does not confirm the report that the Russians have occupied Bent-slaputze. The official returns of the Russian losses received up to date do not exceed 30,000. General Sakharoff telegraphs that there was no fighting during the night of October 23-24. The Russians buried 1,500 Japanese at Lone Tree Hill.

AWFUL SUFFERING

British Schooner Had to be
Abandoned.

Passengers and Crew Were Seventeen
Days In Open Boat.

San Juan, Oct. 25.—The schooner Cordelia Hayes arrived today and brought the passengers and crew of the British steamer Kelvin, which was abandoned at sea on Oct. 7.
They encountered awful hardships being at sea seventeen days in open boats, until picked up by the schooner yesterday.

SUIT FILED

FORMER CLERK AL BISHOP SUES
THE PACKET COMPANY.

Mr. W. A. Bishop, better known as "Al" Bishop, the well known steamboat clerk, has filed suit against the Nashville, Paducah and Ostro Packet Company, for \$906 alleged to be due for salary and money loaned.

The plaintiff states that he contracted last November for one year's service on the Bottom at \$100 a month and that before his contract expired was discharged. He states that a balance was coming for the time he did not serve out, amounting to \$347, and that he loaned the officers of the boat at the instance of the company a total of \$613, which has not been paid. He sues for the total of both claims.

ANOTHER GUSHER

PADUCAH CAPITALISTS GET
GOOD NEWS FROM OHIO.

The oil well investment company near Lima, O., which is practically controlled by Paducah capitalists, has been reorganized and the work of boring for oil is progressing.

This week a new well was reported which gave out 60 barrels the first 24 hours it was running, and was increasing every hour. There are other wells in this vicinity where valuable oil is procured, and the local capitalists are more certain than ever that they have struck a good thing.

ANOTHER \$1000 SUIT.

Attorney J. M. Worten today filed in circuit court a suit for Will Tucker against the city of Paducah for \$10,000 for alleged illegal working him on the streets of Paducah to serve out a fine of \$50 for a breach of the peace.

GETS A REPRIEVE.

Columbus, O., Oct. 25.—Otis Loveland, sentenced to be electrocuted Friday, was reprieved today by Gov. Herrick until

PISTOL WENT OFF AND KILLED YOUTH

Tragic End of a Young Man Near
Mayfield.

He Was Oiling His Pistol, It Is
Claimed, When It Was Dis-
charged.

SENSATIONAL RUMORS ARE OUT

The reports in other papers of an alleged murder over a crap game was evidently a fake, and probably originated from the following tragedy taken from the Mayfield papers of yesterday, all the papers agreeing that it was an accident.
"Saturday while in company with two other young men of his neighborhood, near Beerton, Hickman county, Robert Beadles, aged about twenty years, accidentally shot himself in the neck, and died within three minutes after the shooting occurred. From what we can learn, young Beadles and the other two young men, were oiling and cleaning their revolvers. After getting them pretty well cleaned, it seems that in some accidental manner the revolver of Beadles was fired, the ball striking him in the neck. One of the young men, named Boaz, jumped into his buggy and hurried for a doctor, all the time thinking that he had accidentally fired his gun and killed the young man. When he returned with the doctor he found Beadles dead, and that his own gun had not been discharged, while the gun of the dead young man had been empty in the chamber.
"Beadles was the grandson of Dr. Beadles, an old and highly respected physician of the southern edge of the county, near Beerton, Hickman county. He was one of the most prominent young men of his neighborhood, numbering his friends by his acquaintances. His death in such an untimely and deplorable manner is a great shock to all, and the tenderest sympathy is extended to the bereaved parents. Burial occurred near his home."

TO BE GUEST

Of the Local Blacksmiths and
Helpers.

President John Slocum Will Arrive in
Paducah Today.

Mr. John Slocum, president of the International Brotherhood of Blacksmiths and Helpers, telegraphed to the local brotherhood that he would arrive in Paducah this afternoon from Chicago, en route to San Francisco via New Orleans, and would like to have a meeting with the local unions during his one night stay in the city.

Tonight both the blacksmiths and helpers will meet and hear whatever the official has to say, after which a spread and smoker will be given.

It is not known that Mr. Slocum has anything especially important to place before the unions but his visit will be of interest to the local unions because of his prominence in the brotherhood.

He will leave tonight for the south and after he reaches New Orleans, where he has business, will proceed to San Francisco.

The perfect man has not been discovered in our day; we are all too modest to reveal him.

FINE PIECE OF WORK DONE BY CAPT. RYMAN

The Bob Dudley Was Finally
Raised.

She Steamed Into Paducah Unassisted—She Is in Fairly Good Shape.

SEVERAL DAYS TO REPAIR HER

The Bob Dudley, which struck a sunken wreck two miles below Smithland, Ky., and sank in four feet of water thirteen days ago, steamed into the harbor yesterday afternoon late as if nothing had happened. In fact, those who saw her and did not recognize her, would never have believed that she had been at the bottom of the river for two weeks.

The Dudley, news of the raising of which was in yesterday's paper, was finally released from the wreck on which she sank, and in the meantime, steam having been raised in her, she was ready to go. She was well bulkheaded and all the water was out of her, and she made the trip without accident and is now moored near the foot of Kentucky avenue waiting for her turn on the marine ways.

Capt. Ryman, Jr., of Nashville, steadily stuck to the tedious work of raising the steamer, and although several days ago it was said by others to be impossible to raise the boat until a higher stage of water came, Capt. Ryman kept at it and had the pleasure of seeing his hopes realized.

The boat is considered in good condition, and only a few days will be required to repair her after she is once taken out on the ways.

All local river men praise Capt. Ryman highly for his excellent work in raising the boat. Nearly every man who saw her declared that she could not be raised until the river rose, but Capt. Ryman kept at his task until he succeeded. He will probably return to Nashville as soon as he can arrange for repairs to the boat.

Mr. T. M. Gallagher, of Nashville, one of the officers of the line, is in the city, and thinks the boat is in good shape, taking everything into consideration.

The Dudley, it will be remembered, struck the sunken wreck of a steamboat supposed to be the Emma, sunk thirty years ago. It is supposed that when she settled on the wreck additional holes were stove into her hull. She had a light cargo en route to Evansville and no one was hurt or drowned, and the cargo was saved. Her stern was in about four feet of water, while her bow was clear.

Capt. Ryman today said in regard to the reported deal for the Ryman line of boats, that he had not been in Nashville for two weeks, and knew nothing about the prospects for a consummation, although there have been negotiations as stated in the Nashville papers.

LIBRARY BOARD MEETING.

A meeting of the library board will probably be held in the near future to transact routine business. There are a few accounts to allow and some other business but the date has not been fixed by President Bagby. A letter from the Smithsonian Institute at Washington states that there are no stuffed birds, etc., such as the library board requested available, hence the library will not be embellished with specimens of this character.

Judge J. M. Fisher, of Benton, is in the city today.

GUS WEINBURG, AS DR. KLOTZ IN FORBIDDEN LAND, TOMORROW NIGHT

Theatrical Notes

In producing Harry B. Smith's musical comedy, "The Liberty Bells," which will be the attraction at The Kentucky on Saturday night, Mr. Berger, the manager, departed from the customary way of having the songs and music composed by one man. Mr. Berger considered that a greater variety of styles could be secured by calling in different musical geniuses. Accordingly, the score of "The Liberty Bells" possesses a wider variety than has ever before been noticed in a production of this character. The songs for both principals and the minor members are of the merriest and most catching. In addition to some sixteen musical numbers there also will be seen a number of dancing specialties including the latest New York sensation, the Radium Ballet, which will be executed by the "Liberty Bells" Pony Ballet girls. This feature has been added with considerable expense to the management but it has proven a powerful drawing card and the investment is a good one. In the list of names of the organization will be found Lottie Stavelay, late with the New York "Wizard of Oz" company. Miss Stavelay is said to be a beautiful actress, fine singer and a clever mimic. Anne Stuart of the New York Casino has also been secured by Manager Berger, and will do the part of Dorothy Grey. The Pink Pajama Girl will be done by Mabel Klipp, a beautiful young girl from Washington society. The specialties are in the hands of Kathleen Warner, Dorothy Hutchinson, Mable Neilson and Bessie Williamson. The leading vocal soloists are Nona Torrence, Grace Bass, Bess Brummer and Celeste Alexander. The comedy element will be supplied by Percy Leach and William H. Conley, both comedians of much reputation. Seats on sale Friday morning.

"The Liberty Bells" ring out next Saturday night at The Kentucky. "The Liberty Bells," if the wires tingle rightly, has made every city in this and other parts of the country laugh, is an almost entirely humorous musical comedy, the almost being sentimental threads which have been woven into the plot. And, strange to say, this musical comedy has a plot, which has for its pivot the romantic escapade on the part of a stage-struck school girl, four Columbia College students and another school miss who has secretly married an Annapolis cadet. The piece opens with a midnight supper by the school girls in the dormitory of Mrs. Dr. Sprowl's Hudson Academy for Young Ladies, with Dorothy the stage-struck maiden, and Margery the secretly married, as ring leaders. They are serenaded by Jack and Phil who later enter the dormitory through a window, disguised as burglars. The shrieks of the girls arouse Mrs. Dr. Sprowl, Phil and Jack are arrested and in the scuffle that follows the secret marriage of Margery is discovered, and both girls are informed that in the morning they will be formally expelled. Instead of waiting for expulsion, they both leave

the school that night, and the second act finds them running a cooking school, which, through circumstances, is not prospering over well. The third act finds them at a Florida hotel, where, after more funny situations and climaxes, all ends well.

Manager Fred Berger has engaged a mass of people to evolve all this pleasant, including his well advertised beauty choruses, said to consist of the greatest collection of beauties ever placed upon the stage. Seats on sale Friday morning.

From the dim dawn of antiquity to the enlightened twentieth century, appears but a step, when the announcement is heralded that a comic opera has been written around the quaint people of Tibet, and that the sacred city of Lhasa has been selected for the locale.

This ambitious production ran all summer at the Illinois Theater Chicago to crowded houses and was pronounced a success.

The music of Frederic Chapin is beyond question the most delightfully characteristic and tuneful heard in many years. His "Histrionic Scenes" alone is worthy of grand opera.

The cast is large and well selected including Gus Weinberg, William Cameron, W. H. Clark, Joseph A. Phillips, Hugh Flaherty, Abbott Adams, Alma Youlin, Mable Ryan, and Ethel Johnson. The chorus is said to be of exceptional strength and ability. As a production of magnitude and merit "The Forbidden Land" rates one of the best of the season. At The Kentucky, Wednesday, October 26. Seats are now on sale.

TO RETURN NO MORE.
The Ellery Italian band which played a concert at The Kentucky last night, possibly the last to be heard in Paducah by his band went to Cairo at 8:30 o'clock this morning and will play a concert there tonight.

The crowd last night was small but very appreciative. All numbers were encored, and Sig. Bozzi, the tenor singer, was made to respond to an encore. His voice was excellent, but on account of his singing in Italian the audience could not fully appreciate the songs.

Instead of one of the regular numbers on the programme, the march of Prof. William Deal, named for The Sun, was played. The band showed the march to an advantage and the excellency of the composition was prominently brought out with the full instrumentation of the band and was loudly applauded.

CARNIVAL ASSOCIATION.

A meeting of the Carnival Association was held last evening but nothing was done except to read a number of communications from various companies that desire to come to Paducah next spring and furnish attractions for the carnival. All, as usual, promise something new and catchy. It seems, from reports, that the carnival association is inclined to want the Parker Carnival Company next year. It is said to be one of the best on the road, if not the best. The preparations for the next carnival will begin as soon as possible.

HOT AFTER HIM

MILLINERY DRUMMER WILL
HAVE TO GO FAR AWAY.

The local authorities are hot after H. Wallenstein, the St. Louis millinery drummer who last week passed worthless checks in Paducah aggregating \$400, and whether he is sane or insane, intend to intercept him.

This morning the police got a good description of Wallenstein and are preparing to print several hundred postal cards with his description and other information, to send about the country to locate him, if possible.

It has developed that Wallenstein also passed worthless checks at Cairo and possibly at other towns yet unheard from.

If caught the persons whom he passed checks on here, will prosecute him to the fullest extent of the law.

Mr. Alfred Levy has returned from a triumphant trip to Texas.

TEACHERS' PROGRAM

Committee Expects to Have it
Ready Shortly.

Board of Education to Be Asked to
Allow a Holiday.

The committee appointed to prepare a program for the meeting of the First District Teachers' Association, is working on the program and will have it completed in a week or two.

The meeting will be arranged for the two days following Thanksgiving and will be held at the high school building. The school board will have to allow the teachers these two days in order that the meeting be held, and while the board has not considered the matter, the teachers think they can prevail upon the members to allow them these dates. School will be dismissed on Wednesday afternoon and Thursday being Thanksgiving, will be a legal holiday, so the board has only to allow Friday, Saturday being a regular holiday. This is the best arrangement possible to make and the board will be requested to set aside Friday for the use of the teachers in holding their meeting.

Since the last meeting was held, there have been several new teachers added to the local schools, and also some substitutes, all who will ask for membership.

Mr. Alie Wahl is installing additional machinery in his laundry on South Third street, and his office is moved temporarily into the building next door where he has a wall paper establishment.

A NICE QUICK JOB OF BLOCK SIGNALS

Those on the Fulton District are
Almost Complete.

The Construction Has Been Rapid—
Examinations of Trainmen
Soon.

ALL ARE STUDYING UP

The block system on the Fulton district of the I. C., has been completed with the exception of a few finishing touches, and will be put into service within the next few days.

This morning a bulletin was sent out to Trainmaster T. L. Duhls' office at Fulton, announcing that examinations on the block system will be held before the 27th, and all engineers, firemen, conductors and flagmen must take the examination before that date.

There will be three places for the examinations. Duhls will examine at his office on today, tomorrow at Fulton, and Mr. L. E. McAlle, traveling dispatcher, will examine here in Trainmaster Henry Scheuing's office, and Traveling Engineer Lloyd Grimes will examine at the office of Master Mechanic Barclay, at Memphis.

The work on the block system on this district has progressed with great rapidity, being pushed a great deal harder than the work on the Paducah district system, and now that the work is completed, the division will be greatly convenience by the installation of the blocks.

All conductors, firemen, flagmen and engineers were notified in ample time of the installation of the blocks and have been studying up on rules and are therefore prepared for the examination.

PAPER SERVED

Railroad Commissioner Fergu-
son Visited by Deputy.

He Will Go to Louisville to Attend
Car Service Case.

Deputy U. S. Marshal George Sanders returned from LaCater, Ky., this morning after serving papers on Railroad Commissioner Mack D. Ferguson ordering him to appear at Louisville on the 28th of this month to answer in a suit brought to test the law governing the charging of demurrage by railroad companies.

Briefly the matter is summed up: The C. & I. road at Louisville, has been charging lumber men rates for demurrage, letting cars stand on tracks without unloading longer than 24 hours. The lumber men petitioned the commissioners who issued a restraining order against the road prohibiting the charging of this excess freight for demurrage. The road petitioned the federal judge to hear the matter and issue a restraining order against the commissioners to restrain them from suspending the rule.

Mr. Ferguson is in the city today and will go to Louisville tomorrow to attend the hearing of the matter.

INDIAN SUMMER

IT ARRIVES IN A SHORT TIME
NOW.

The true Indian summer season begins in early November. It is the "Summer of Saints," November 1, or the "Summer of St. Martin," November 8. It is most beautifully described in Longfellow's "Evangeline." The typical Indian summer, says the Springfield, Mass., Republican, comes when the leaves have all fallen, and a lovely illusion possesses the earth, as if 'twere enchanted. A delicate haze folds the landscape; sounds of life come from far away, and a charm rests on woodland and meadow and marshes, like none other that comes to the autumn. October is beautiful, truly, but it brings not the Indian summer. Too subtle, perhaps, is the difference for every perception to grasp it. Some years the Indian summer lasts but a day or a few days; some years it may stay for a month, but these are rare visitations.

MAYFIELD'S SIDE

The Monitor Claims Paducah is
'Dirty.'

Gives Mayfield's Side of the Foot-
ball Controversy.

The Mayfield Monitor says of the foot-
ball game here Saturday which broke up
in a row:

"The Mayfield football team, under the authority and direction of West Kentucky College, went to Paducah Saturday morning to play the High School team of that place in the afternoon. On arriving at Paducah our team was the subject of much derision from the supporters of the team at that place, owing to the fact that the determination to win was in the face of every Mayfield man and the Paducah team then commenced to cry that they were all boys, and that our team was too large for them. Two of our players were informed by the friends and chum of the Paducah coach (who was also a friend and fellow worker of our players) that the Paducah team averaged 150 pounds. Our boys said nothing but sawed wood, and appeared with their regular team on the field at the appointed hour.

"Imagine their surprise when they found that the Paducah management in order to have a chance to cry baby-like, had put out a team of boys averaging a few pounds less than our boys. Capt. Nichols then generously, and in order to even matters, took two of our largest players out, and put in two boys thereby evening matters. After shortening the half fully five minutes from the time agreed on and calling time for the intermission between the two halves, the Paducah management added two large men, and asked us to take out another large man, and put in a boy. This our captain refused to do, and the game ended in a squabble. Then Paducah refused to fulfill their agreement to pay Mayfield full railroad expenses, \$3.75 being one to buy tickets back home. Thus Paducah kept up the reputation she has of treating visiting players dirty. The game was played in the first half only, the score standing 12 to 0. A touchdown was made three minutes after play started by Boudles, who got the ball on a fumble and ran about 50 yards for a touchdown. Bradford later skirted left end for a touchdown, after running over several girls and other spectators, and eluding the grasp of several husky bystanders, who had no connection with the game, but crowded on the field to help Paducah if dirty work was needed. The boys had Paducah at their mercy despite the fact that the umpire, a Paducah professor, worked against them. When time was called five minutes early in the first half our team had the ball on Paducah's two yard line, with an easy thing for another touchdown and goal.

"At no time during the game was the ball in Mayfield's territory. "A return game is to be arranged for here, if possible, to mop up again."

The Mayfield Messenger said: "The home boys were too stout for the city team and allowed it the honor of carrying off the proverbial goose egg. There were eleven line up on each side: the Paducah team averaged 128 pounds, making a total of 1,408 pounds of goose egg material that did its best to defeat the youths from Mayfield but they couldn't do the work. The Mayfield eleven had an average weight of 130, making a total of 1,430 pounds which did the work so beautifully for school boys of old Paducah. There was only a difference in weight of 22 pounds, but these few pounds bore down mightily heavy on the Paducah kids. The Paducah team had all the encouragement of many fair maidens at the park, but our boys were unimpaired and went after the city boys in great shape, as the above result clearly shows."

WANT A LECTURE

TEACHERS ARE NOT CERTAIN,
HOWEVER, THEY CAN
MAKE IT PAY.

The teachers are considering the matter of arranging for a lecture by some educational worker or lecturer for Thanksgiving night, but have come to no definite conclusion.

There are several excellent lecturers willing to come to Paducah to fill an engagement on that night, but the teachers are not sure a large crowd could be secured to hear the lecturer, and are a little undecided.

The matter will be decided within the next few days, and if it is decided to bring a speaker here, advertising will be gotten out and the entertainment thoroughly advertised in the city.

MAN FROM BALLARD COUNTY
COMES HERE IN SEARCH OF
HIS DAUGHTER.

A man giving his name as Eugene Broc, of Ballard, Ballard county, telephoned the police last evening to look out for his fourteen-year-old daughter, who disappeared with a man named Morehead who had been working about the neighborhood.

He said that his daughter was small for her age and wore short dresses, and that he was very anxious to stop her, as he believed they intended to marry. The local police were unable to find any trace of the child and her companion.

A BOON TO FARMERS.

A feature of campaigning has been
made most prominent during the past
few months because of republican legis-
lation which has brought about a most
decided change in the method of reaching
voters. In previous campaigns depend-
ence was laid largely upon the pamphlets
which were mailed by the million to vot-
ers throughout the country. Besides
these circulars and political documents
there have been great meetings held in
the larger cities and towns throughout
the country and yet it was impossible
for but a very small portion of the peo-
ple to attend these political meetings as
millions of our citizens live far from
the busy centers of industry and popu-
lation.

But through republican foresight, a
patriotic wisdom and republican legis-
lation there was put in operation during
the administration of William McKin-
ley a rural free delivery service which
has developed during the administration
of Theodore Roosevelt to an extent that
would hardly have been believed during
the last reign of Grover Cleveland. In
fact it was Grover Cleveland himself

and his postmaster general who declared
that the system was "absolutely imprac-
ticable and impossible" and who refused
to spend even \$10,000 in a test of its
merits. Yet this year we are expend-
ing in excess of \$20,000,000 in this ser-
vice, and there were 27,537 routes in op-
eration on April 1st, 1901.

This service while of immense impor-
tance in the delivery of letters has been
of even greater service to the farmer by
enabling him to have his daily paper
brought to his very door besides the
periodicals to which he had heretofore
been accustomed. This has meant that
a discussion of campaign issues instead
of reaching the millions in our rural dis-
tricts through the occasional pamphlets
and bulky and sometimes unreadable
documents has daily come to the farm-
er's fireside in the short and interesting
editorials. Where a few years ago it
was necessary to print and distribute at
a large cost one, two or five million cop-
ies of a single document, today five mil-
lion people can be reached daily through
the morning and evening newspapers
which is delivered but a few hours after
publication. This not only illustrates
a new method of campaigning, but it em-
phasizes the boon which the republican
party has granted to the rural inhabi-
tants of the country. It is but one of
the many acts which republican admin-
istrations and legislation has given to
the people of this country in the way of
making more important their work
more pleasurable their labor and more
happy their home.

UP TO THE VOTER.

The city ticket of the republican party
should recommend itself to every
fair-minded, progressive citizen in Pa-
ducah. The men who compose it are
representative men, and they have the
interest of the city at heart and the
interest of their friends and themselves.
They expect if elected to give the people
an honest, progressive administration,
and will do it if it can be done.

The people have no idea of the extent
to which favoritism and graft have been
practiced in municipal affairs in Padu-
cah, and are being practiced to this day.
The city collects about \$170,000 a year
from the tax payers, and it is evident
to anyone that the \$130,000 could be
made to yield much better results than
it does. In fact, hundreds of people won-
der where it all goes.

Last month the members of the gen-
eral council drew \$12 or \$18 a piece, it is
claimed, for regular and called meetings.
This aggregated several hundred dollars
although the board usually do practice
nothing when they meet, and some
of them are there only long enough to
be recorded as present, and then be ex-
cused.

There are scores of ways in which
this constant leakage can be stopped, but
the present administration will never
stop it. What the people need is a
change, and they will have to vote for
the ticket at the head of this column if
they get it.

Those who are satisfied now are not
asked or expected to vote for a change.
Those who are not, will have to vote
for one if they get it. It is up to the
tax-payers to take their choice.

In Blackburn, "the noblest Roman of
them all," probably because he has been
hanging on to the public seat longer
than them all, will tell the democrats of
Paducah tonight to vote for Parker and
Davis. "No" is one of the original and
omnipotent free silver men, and the
ticket and men he is now endorsing are
for a gold standard—but this makes no
difference to a democrat who realize
that he has got to whip it up for the
ticket no matter what the ticket is in
stands for, in order to retain his political
equilibrium.

The democrats are working the follow-
ing force now, but hot air will not count
in the returns.

YOU DON'T HAVE TO WAIT.

Every dose makes you feel better. Last Pa-
ducah keeps your whole (nerves) right. Sold on the
money back plan everywhere. Price 50 cents.

Congressman Ollie James, who yester-
day spoke at Murray at the big demo-
cratic blow-out, went to Eldersville this
morning to speak.

LITTLE DOING IN THE COURTS TODAY

Judge Sanders Had About the
Usual Number of Cases.

Very Few Cases Considered in Cir-
cuit Court—The City's
Demurrer.

NEWS OF OTHER COURTS

Judge D. L. Sanders held a brief
session of police court this morning
with only cases of minor importance
before him.

Samuel Sampson, James Whitmore,
T. Sanders and Albert Harris, the
latter colored, were fined \$1 and costs
each for drunkenness.

Joe Iliant, colored, who got full of
the "chained lightning" brand of
liquor and created a general distur-
bance, was fined \$10 and full costs.

The breach of the peace case against
W. C. Rogers, white, was continued.

Nigora Tyson and Matie Brown,
colored, who got into a fight and out
at each other, were dismissed of a
charge of malicious outting, but the
Tyson woman fined \$20 and costs and
the Brown woman \$10 and costs for a
breach of the peace.

J. D. Overstreet, the saloon man,
was arraigned for keeping open his
saloon on the Sabbath and for selling
liquor to a minor, and both cases were
continued until tomorrow morning.
He is alleged to have sold liquor to
young Cliff Holland, fined yesterday
for being drunk and disorderly.

CIRCUIT COURT.

In the case of the J. O. Nessen
Lumber Company against the H. A.
Rose Lumber Company, a judgment
was rendered for \$112 against the
Lumber Company, but O. W. Watkins,
as a party to the defendant, dismissed.

Miss Lexie Manning, stenographer
in the office of Attorney D. A. Cross,
was this morning appointed an ex-
aminer.

The case of W. H. Hottgering, R. L.
Potter and Lizze Lohel against the
C. St. L. & N. O. (Railroad) Company,
condemnation proceedings, were dis-
missed.

The suit of the Knoxville Woolen
Mills against the George C. Wallace
Company for \$750 claimed to be due
for goods was decided in favor of the
defendant Wallace. It was claimed
that the goods were not up to con-
tract.

In the case of W. H. Westbrook
against the H. A. Rose Lumber Com-
pany, a judgment for \$119 was filed
against the company with H. A. Rose
dismissed as a party in the defense.

The only jury case to be tried and
concluded today was that of David
Cummings against Fred Kettler, for
\$5,000 damages for alleged malicious
prosecution.

Cummings was a boarder at the
Kettler house run by the defendant,
and was arrested on suspicion of hav-
ing stolen a toy bank containing
money. The man was arrested and
tried but acquitted in police court.
The jury returned a verdict for the
defendant.

SOME SPECULATION.

It seems to be the general opinion
in Paducah that Circuit Judge W. M.
Reed will sustain the city's demurrer
to the suits brought by Attorney J.
M. Worton against the city. It is said
to be the custom in cases of this kind,
where there is doubt as to the tech-
nical merits of a case, for a judge to
sustain the demurrer and give the city
—the people—the benefit of the doubt,
and if there is to be any trouble and
expense incurred in taking it to the
court of appeals, to let the other side
have it.

It is understood that Attorney Wor-
ton, who has already filed about 25 of
these suits, has 70 more to file, but is
waiting on the outcome of the present
suits.

DEEDS.

MANY WEDDINGS IN PADUCAH TODAY

Four Couples Married in the
Forenoon.

Most of the Ceremonies Were Per-
formed at the Homes of the
Brides' Parents.

SOME OUT-OF-TOWN WEDDINGS

The marriage of Miss Mary C. Dan-
gan and Mr. James F. Hofflich, of this
city, was solemnized with nuptial high-
ness at the St. Francis de Sales Catho-
lic church this morning at 9 o'clock by
the Rev. Father H. W. Jansen. The mu-
sic and singing during the mass was very
fine. The church was effectively decora-
ted in white and green, roses and chrys-
anthemums, ferns and smilax.

It was one of the most beautiful and
impressive marriages that ever occurred
in Paducah.

The bride was charmingly gowned in
an elegant white crepe de chine over lat-
ice with full veil held by pearl and
diamond pendant and pins. She car-
ried white roses. Mr. Hofflich wore con-
ventional black.

Miss Margaret Donnigan, the bride's
sister, was maid of honor, and wore
cream lousine silk, with rose point her-
ried white roses.

The best man was Mr. F. Flannigan
of Omaha. The ushers were Messrs.
Fred McKinney, Fred Moore, Thos. Hat-
field and P. T. Donnigan.

The marriage was followed by a re-
ception from 2 to 5 at the residence
which was beautifully decorated with
ferns, smilax, white roses and chrysan-
themums.

They will leave at 7:30 for St. Louis
and other points and will be at 517
North Eighth street on their return.

This morning at 8 o'clock at the bride's
home, 1018 Harrison street, Miss Fannie
Wentlock and Mr. Forest M. Wainman
were married by the Rev. T. A. Newell,
D. D., of the Broadway Methodist
church. It was a quiet but pretty home
wedding, witnessed by a number of
friends of the couple. The party was
beautifully decorated with palms, white
and pink cosmos and chrysanthemums
an effective arrangement of the flowers
forming an altar back ground for the
bride and groom.

The bride wore a pretty and effective
gown of white silk and lace with mod-
est and looked especially well. The trav-
eling dress was a brown cloth skirt waist
suit.

The groom is the popular foreman at
the Smith & Scott Tobacco company fac-
tory and resides at Ninth and Burnett.
Mr. and Mrs. Ginner left at 9:30
for St. Louis. They will live at 1918
Harrison street.

The marriage of Miss Della Willet,
of this city, and Mr. Martin L. Orange,
of Princeton, Ky., took place this morning
at 8 o'clock at the St. Francis de Sales
Catholic church parsonage, the Rev.
Father H. W. Jansen officiating. The
attendants were Miss Henrietta Willet,
sister of the bride, and Mr. James Or-
ange, of Princeton, brother of the groom.
Only the relatives and intimate friends
witnessed the ceremony.

The bride wore a white mousseline
over white silk, and the maid of honor a
blue mill. Both looked very at-
tractive. The bride's going away gown
was a brown and tan tailor suit.

The couple left this morning for a tri-
dal trip to St. Louis, and will reside at
1201 Broadway, Paducah, on their re-
turn. Mr. Orange travels for the Ken-
ner-Meadwine company, of Nashville, and
will make this city his headquarters.

Miss Cora Bailey and Mr. William
Miles, of Evansville, Ind., were married
at the home of the bride's parents, Mr.
and Mrs. William Bailey, of Harrison
street, this morning at 8:20 o'clock. Rev.
W. H. Pinkerton, of the First Christian
church performed the ceremony in the
presence of a limited number of guests
and friends. The house was appropri-
ately decorated for the occasion, and the
bride wore a pretty and becoming dress
of white crepe de chine. She is a popu-
lar young lady and will be missed by
many friends here.

Mr. and Mrs. Miles went on the 9:30
train to St. Louis and Springfield, Ill.
and will reside at the groom's home near
Evansville, Ind.

At 8:30 o'clock tomorrow evening
in Jackson, Tenn., Miss Clara Quinton
and Mr. Anderson Sykes will be united
in marriage at the bride's home. It
will be quite an elegant affair as they
are prominent young people of that
city. Miss Jessie Cook, of this city,
will be maid of honor. The bride is
very attractive and is well known

here having visited Miss Cook on sev-
eral occasions.

This afternoon at 4 o'clock in Louis-
ville Miss Alice Windstandley and Dr.
George LaFayette Clements were
married at the home of the bride.
They will reside in Louisville. The
bride is the sister of Mr. W. T. Wind-
standley the traveling man who is
well known here, and the groom is a
prominent druggist in Louisville.

The marriage of Miss Kate Hatcher
and Ira R. Parish, both of Madison-
ville, took place in that city today.
The bride is very popular here where
she has frequently been the guest of
Mrs. Will Wright. Mr. Parish is
quartermaster sergeant of the Third
Battalion of the Third Regiment of
the Kentucky State Guards.

A marriage license was today issued to

Mr. Thomas Glenn, the well known tele-
graph operator employed in the dis-
patching office of the I. C. here, and
Miss Hattie Jones, the daughter of Jus-
tice Jesse Young.

The couple will be married Thursday
at the residence of the latter, and only
a few intimate friends will be present.
They are both well known and have a
host of friends who will be pleasantly
surprised to learn of the marriage.

HOW SILLY!

Acting City Attorney R. E. John-
ston informed a Messenger reporter
this morning that the city authorities
propose to look into the law regarding
express orders for whiskey to Paducah

TO THE ROOTS

FOOD THE CAUSE AND ANOTHER FOOD THE CURE OF STOMACH AILS.

When sickness comes it's best to go to the root of the trouble at once—take away the kinds of food used when the person got ill for the food evidently didn't keep the body up. Feed the patient on Grape-Nuts. That is the way of the food ones which has so many remarkable cases to its credit.

"Several years ago my husband became affected by a most disagreeable and painful diarrhea, lost his appetite and grew shockingly thin and languid. I persuaded him finally to see a physician but after taking a course of medicine he was worse than ever and this discouraged him so he tried a lot of home-made remedies but they gave him only temporary relief.

"Finally I persuaded him to try another physician who treated him for indigestion which he said was the cause of all his trouble, but after several months treatment the physician said: 'You have let it run so long it has become chronic and exceedingly difficult to cure and you will always be troubled more or less.'

"Well you can imagine how this made him feel.

"Sometime after that some friends advised Grape-Nuts food and he thought he would just give it a short trial. To our surprise he began to improve at once. He kept on each day getting better and better until now he can eat anything he likes and declares he never felt so well in his life, has absolutely no trouble with his stomach or bowels and is fatter than he has been for years. Three cheers for Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

Sounds too easy almost to be true but 10 days trial by anyone will prove the value of Grape-Nuts, the most scientific food in the world.

"There's a reason."

LETTER THAT MEANT LIFE IS ONE MINUTE LATE

Manila, P. I., Had H. H. Brown of Cincinnati lived one minute longer he would have realized the wish for the future of which he took his life. Scarcely had the bullet sped from his revolver into his heart when the 8-year-old son of J. C. Williams, proprietor of the Astor house, where Brown was staying, rushed into the room bearing the letter in which had been centered all the hopes of the dead man.

"I want to go home on the Sherman," said Brown between the coughs that were racking his body last evening. The young man, who had wrecked his health working as a teacher among the islanders thousands of miles away from his home and friends, referred to the transport which carries troops and supplies to San Francisco. His wish was strangely fulfilled. He went home on the boat a corpse.

Brown had been teaching in one of the government provincial schools for two years. The climate did not agree with him, but, first with the addition of staying out his three years of service, he remained, even though the last few months he was compelled to walk

When physicians told him he could not live unless he made a change, Brown tried the waters at Los Banos, a few miles from his school, but with no satisfaction. Completely prostrated by his illness, he was brought to Manila and here expectantly awaited his release from service, his check for June and July, with which to pay his expenses home, and the departure of the Sherman.

He had written to Dr. Barrows, in charge of the corps of teachers while at Los Banos, asking that the money be forwarded to him. The records show that the check was sent, but the delivery of the letter was delayed. When it finally arrived Brown was lying on the floor of his room, his body still warm although life had left it.

The boat was to leave at 12:30 o'clock and at 11:45 Brown called to John Healy, who was attending him, and said plaintively, "I should be aboard by now." Healy knew that unless the money arrived Brown could not go. The disense stricken man glanced out of the window toward the harbor. His home sickness and despair were apparent to his companion.

Healy stepped out of the room for a few minutes. While he was gone the sharp crack of a revolver resounded through the corridors of the hotel. Healy rushed back to the room. He had scarcely retraced his steps and seen Brown's dead body than the son of the hotel proprietor ran in with the letter. It bore the stamp of the educational department. It was the long awaited letter, but it had come one minute too late.

It gets on a man's nerves to sit on the hard pew at church with a plecter fence at a ball game it's quite different.

FOOTBALL NEWS

PADUCAH TO PLAY BOTH METROPOLIS AND CAIRO.

On Saturday a game of football will be played between the Paducah High School team and the Metropolis, Ill., team, possibly at Metropolis.

The Illinois boys want a date for a game and would prefer that the contest be played off in Metropolis, and this plan is more satisfactory to the Paducah boys who do not want to give the public here too much football and wear the game out.

The Cairo games, both basket and football, have been arranged for the 12th and 19th, but it is not determined whether the game on the 12th will be played here or Cairo. The Cairo team wants it played at Cairo and offer a return date on the 19th at Paducah. It is possible that the dates may be reversed, the Cairo team coming here first.

NEWS OF THE RIVERS.

The gauge today is three tenths of a foot again, and standing.

The river outlook is no more encouraging than it was yesterday, last week or the week before.

There were no boats out today.

The Lulu Warren, which went out in place of the Clyde last week, has not returned. She is due to leave again for Tennessee river tomorrow night.

The Condor has been pulled off the bar below Joppy by the Lyda, but the channel is so torn up by the boats that it will have to "wash out" before boats can pass down. It is therefore uncertain when another boat will start out in the Cairo trade.

WARRANT ISSUED

Alabama Negro Held for Attempted Assault.

He Protests His Innocence But the Girl Identified Him.

Clarence Hittle, the negro who attempted to stop Verne Schoening, a young girl of the Tyler neighborhood, yesterday morning while the girl was returning from a creek with a bucket of water, has been warranted for attempted criminal assault, and was sent to the county jail this morning pending trial.

The girl has positively identified the negro as the man who attempted to stop her, and at the instance of her father the warrant was issued.

Hittle says he came from Alabama and was very nervous yesterday, and crying in the city jail, evidently thinking he would be mobbed. He claims he is not the man, but the girl seems to be positive.

Police Judge Sanders has set the examining trial for tomorrow morning.

PETTY THIEVES

RAILROAD DETECTIVES CATCH TWO NEGROES AT PRINCETON.

Mr. W. T. Dinneen, special agent of the Louisville division of the Illinois Central and Conductor J. T. Herrig, of the city, left this morning for Princeton to appear before the grand jury to indict Will Hoyt, alias Speely, and Will Rice, both colored, charged with stealing eggs and breaking into a box car and stealing shoes and clothing.

Conductor Herrig was in charge of freight train No. 151 and at Princeton several days ago a negro broke into a box car and stole seven pairs of shoes. The conductor saw him running and got a good description of him which he furnished to Detective Dinneen.

Mr. Dinneen traced the shoes down to the residence of Hoyt and found a negro woman with a pair of the shoes on. He arrested Hoyt and today the grand jury will take the matter up.

Rice is a negro alleged to have taken several dozen eggs from the front of the express office at Princeton. His case will come before the jury today, also.

SAVED HIS LIFE.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty-cent bottles cured me sound and well. It is wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00.

"Found by the right army, 5,200.

"Found by the left army, 5,603.

"Found by the center army, 2,350.

"Total, 13,153.

to most women is a term of anxiety, serious thought and sweet anticipation. With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

MOTHER'S FRIEND

does diminish the pain accompanying maternity. With its aid mothers can and do bring healthy, sweet dispositioned and ideal babies into the world.

Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs, are relieved by this penetrating and relaxing liniment.

Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin.

By lessening the mother's agony of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, reminding a blessing ever to you and its country.

IS THE RAILROAD MAD AT WICKLIFFE

It Was Getting Along There
Swimmingly.

Until the City Council Took the
Mobile & Ohio's Side
of It.

MAY ABANDON WICKLIFFE

"Stalled, and perhaps disgusted, the Illinois Central Railroad Company is now running another survey, running out from the main line between here and East Cairo, leaving this city a mile or two west of the new route," says the Wickliffe Yocum of Saturday.

"The new route through the city had been accepted by the company, condemnation suits instituted, agreements drawn up to be signed and contractor by the drove here ready to go to work, but the Mobile & Ohio people dropped into town the first of the week and led the city council to believe that if the Illinois Central bought this right of way they would be entirely shut out, so they asked the council not to sign a contract with the Illinois Central people until a conference between the two roads could be had, the time asked for being ten days.

"In the meantime, Illinois Central officials by the drove came here and went out to a point between here and Barlow and commenced surveying the new route, leaving the impression that they propose to go around our city instead of through it.

"We learned last night that the council has given the Mobile & Ohio people ten days in which to see the Illinois Central company about buying the right of way. If this was not done and the Illinois Central secured this particular right of way in its own name, on account of running so close to the hill below here, would not the Mobile & Ohio off entirely and force them to cross the Illinois Central twice to get back to their line below Fort Jefferson.

"The council's position is well taken, and everybody that understands the situation agrees that they should not give an inch. Besides, it should hold out to the last minute for Cairo rates. The lower rates will be taken alone by the Mobile & Ohio if the Illinois Central does not buy jointly, and in this event the Mobile company will be glad to give us Cairo rates and make other reasonable concessions. The council's demands of the Illinois Central are nothing and the whole bluff comes from the Illinois Central's desire to play hog. Stand pat on Cairo rates and give the Mobile & Ohio a chance."

SEWER QUESTION IS MUCH MUDDLED

No Decision Yet Reached in
Regard to the Law.

There Is No Way to Determine What
Is Meant in the Statutes By
"Sewers."

THE END IS UNCERTAIN

The storm water sewer question seems to become more complicated in Paducah instead of being settled. The trouble is that no one knows what the statute means by "sewers."

"No man on earth," declared a prominent attorney today, "can take the Kentucky statutes and determine by reading them what is meant by 'sewers.' It makes no distinction, and does not determine between sanitary and storm water sewers. If one would go back and look over the legislative journals, as the court of appeals often does, it might be determined from the debate, if there were any, what the legislature meant by 'sewers.'"

"It seems to me, however, that sanitary sewers were contemplated in the laws governing 'sewers.' Everything points to this, for sanitary sewerage is one of the most important things to any city, and the only references to sewers in the statutes would be reasonably applied to sanitary sewers."

"The court of appeals' decision contained in the 15th Kentucky from Foying tin, does not apply at all to Paducah's case. It is a suit that was brought under the old charter of Covington, and refers to storm water and sanitary sewerage combined."

The way the matter stands in Paducah, however, is that even if the storm water sewers are a part of the street reconstruction, as the foundation, the curbing and the brick are a part of it the city has not let the contract as if it were a part of the street. It is contended by some that if these sewers are a part of the street, they should have been provided for in the contract for the reconstruction of the street. Then the property owners would have to pay one-half of their cost, in paying one-half the cost of the street.

The solution suggested by one attorney seems to be the best offered. It is to consider the storm water sewers a part of the street, and have the city pay half, and the property owners half, just as for the remainder of the street. Instead of this, however, the mayor and part of the administration wants the property owners to pay it all, and the city nothing, and the board of works is trying to make the city pay it all, and the property owners nothing.

It is understood that a final decision will be reached at the regular meeting of the board of works tomorrow.

BRIGHT'S DISEASE AND DIABETES!

Have their origin in an Inactive or Disordered Liver. The most stealthily and fatal diseases confronting medical science, claiming more victims, annually, than war and famine combined. A puffiness under the eyes, paleness and scanty or too copious urine mark the beginning of Bright's Disease. When the liver is diseased, the kidneys in their effort to perform double work become affected. A simple "liver regulator" will not cure Kidney disease, for although it corrects the first cause, the Kidneys are still affected. A Kidney remedy will not do it, because the source of the disease is not reached. A cure is a remedy combining both, and

DR. THACHER'S LIVER & BLOOD SYRUP CURES

because it removes the cause and at the same time cures the Kidneys. It is the only preparation now on the market that actually cures. Weakness in the small of the back, pains in loins and groins, numbness of the thighs, high colored or scalding urine, milky or bloody urine, frequent desire to urinate, nausea, vomiting, colic, constipation, hot and cold flashes, furred or unnaturally red tongue. These are the symptoms of diseased Kidneys—don't neglect them. Only one remedy contains all the curative properties, scientifically combined, required in the treatment of Liver and Kidney diseases, and that is Dr. Thacher's Liver and Blood Syrup. GIP GRIFFIN

Alleged Christian County Mur-
derer Caught.

Killed Henry Warner, It Is Claimed—
Has a Brother Here.

An alleged murderer of Christian county, has been run to earth. Gip Griffin, a brother of Pete Griffin, of Paducah, was captured after being a fugitive from justice for several months.

Yesterday's Hopkinsville News has says:

"Sheriff Lem Davis, E. H. Armstrong and W. H. Nixon last night captured Gip Griffin, the alleged slayer of Henry Warner. The arrest was made at the home of the Huddleston, near Haley's mill, the father in law of Griffin. The three went to the house shortly after 1 o'clock and found Griffin in bed with a wife. They compelled him to dress and brought him here and lodged him in jail.

"The crime for which Griffin will now stand trial was committed some three years ago on Warner's place, near Haley's mill, where Griffin was employed as a cooper. The men had had a previous intimacy and while Warner was at work in his field Griffin approached with a hot gun and fired two charges into his victim and then clubbed him over the head.

"Warner lived for several weeks, but finally succumbed to his injuries. Griffin made his escape, and though it was thought that he was in hiding near the scene of the killing the officers were unable to arrest him, despite numerous efforts. A reward of \$100 had been offered for his capture."

SAFE BLOWN

ROBBERS MAKE A GOOD HAUL
AT OHION, TENN.

Ohion, Tenn., Oct. 25.—Burglars blew open the safe of the postoffice at this place getting away with \$400 in money, ten registered letters, contents unknown, and \$267 in stamps. Two books of money order blanks and a pocketbook containing the private papers of Postmaster T. J. Lovell, including \$100 worth of notes, were also taken. The burglars stole a horse and buggy from the livery stable, and word comes that a team has been located at Moffet's Auction, fifteen miles from here, tied near the railroad track. An attempt was made first to drill through the door and then the drill was applied to the top of the safe. Ordinary gunpowder was probably used, as the drill was full of smoke when Postmaster Lovell opened the doors yesterday morning. The explosion is thought to have occurred about 2 o'clock, as the operator at the telephone exchange and the watchman heard an unusual noise at that hour, but were unable to locate it. This is supposed to be the same gang that burglarized the postoffice at Elbridge two weeks ago.

MR. ABRAM L. WEIL RESTS IN PEACE

Popular Young Man Died at
12:55 This Afternoon.

Was Stricken In His Prime and
Leaves Many to Mourn His
Sad Demise.

WAS UNIVERSALLY LOVED

A death that will cause widespread regret and sorrow in Paducah and wherever he was known, was that at 12:55 this afternoon of Mr. Abram Lincoln Weil, at his home, corner of Sixth and Madison streets, from Bright's disease, after a seven months illness. Mr. Weil's friends knew he was a very sick man, but few suspected that the end was so near.

He was stricken seven months ago in the prime of life and while apparently the best of health. Disease seemed to seize and wither him, and after the first unexpected attack his friends hardly recognized him the next time he appeared on the streets.

He was taken to Louisville where specialists were consulted, but they held out little hope to him, and advised him to return home and avoid work and excitement as much as possible. He came back in a few days, and while able to be out a number of times since, it was evident that he was slowly but surely growing worse. His condition became such that his death was reported on the streets several times. Today he peacefully breathed his last, surrounded by loving relatives and friends.

The deceased was a son of the late Meyer Weil, one of the wealthiest and most prominent men in this end of the state, and who served several terms as mayor of Paducah. He was born in Paducah 38 years ago and after leaving school entered the clothing store of Wallerstein Bros. and remained a member of the clerical force for ten years.

After he left the Wallerstein store he went into the insurance business, a business for which he seemed happily adapted, and built up one of the best in this end of the state. He was prominent in all matters in the insurance world and was popular with every one not only socially, but in a business way as well.

The deceased leaves but few close relations. They are Mr. Wallace Weil, a brother, and Mrs. Jetta Hibson, a sister, and Mr. Jacob Weil, an uncle, all residing in Paducah. He leaves numerous cousins in Paducah and in other cities.

The deceased was a large man of much prominence, being an Elb, Mason, Knight of Pythias, Odd Fellow, and was in fact a member of every lodge of importance in the city. Mr. Weil was a young man of universal popularity, and had often been urged to run for mayor of Paducah being recognized as a broad minded, intelligent, progressive young man, but he never cared for politics.

He was also a favorite in society, and had been one of the leaders for many years. No one stood higher in either the business or social world, and hundreds and thousands in Paducah and throughout the state, will mourn for him as a true man and a friend to all.

Mr. Weil was resigned to his fate. He had everything but health, but this was the one thing he wanted most. With plenty of this world's

goods, his life was almost an ideal one until he became ill, but he bore with fortitude the knowledge that death was only a matter of a few months and his courage was a lesson to those more prone to complain at their lot in life.

He had hundreds of friends among the insurance men of the country, and they always came around to see him when they came to Paducah. It is safe to say that there is not a big insurance office in the country where he was not known personally, and liked by everybody.

The funeral will take place at 2 o'clock Thursday afternoon from the family residence, services by Rev. W. E. Cave. The burial will be at Oak Grove under the auspices of the Masons. The Elks will also be present, as will be members of other lodges to which he belonged.

AMONG THE SICK PEOPLE.

Miss Dora Hornham, who has been ill for several days, is better and able to sit up today.

The department of health is making a personal postal card survey of the war.
